

Mobil DTE 10 Excel™ 46 boosts energy efficiency and saves US\$19,950 annually for Manjushree Technopack

Energy lives here™

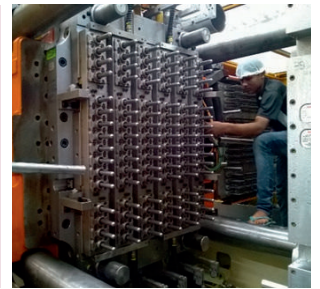

Husky Plastic Injection Molding Machines | Plastics Manufacturer | Bidadi, Bangalore

SITUATION

Manjushree Technopack is one of the largest PET and preforms converter in India, meeting many FMCG companies’ packaging needs. Operating a range of injection molding machines, including Husky and ASB, the company was using a third-party oil in one of its Husky machines. The company was looking to enhance energy efficiency and reduce operating costs.

BENEFIT

Thanks to **Mobil DTE 10 Excel 46**, the company has witnessed energy savings and increased performance of the hydraulic oil.

RECOMMENDATION

After an on-site investigation, the ExxonMobil technical team recommended that the customer switch to **Mobil DTE 10 Excel™ 46**. Formulated to meet the demands of high-pressure industrial and mobile equipment hydraulic systems, **Mobil DTE 10 Excel Series** provides outstanding energy efficiency, ultra keep clean performance, and a high degree of fluid durability.

IMPACT

Having experienced a 2% increase in the energy efficiency of one Husky machine, the company plans to use **Mobil DTE 10 Excel 46** in another 9 of its Husky injection molding machines. This alone is projected to save US\$19,950 annually.

In fact, even after 8 months of operation, the oil still demonstrates superb oxidation and thermal stability and anti-wear capabilities.

Industrial Lubricants

Advancing Productivity

Helping you reach your Safety, Environmental Care and Productivity goals through our innovative lubricants and services is our highest priority. That’s Advancing Productivity. And that’s how we help you achieve your broader vision of success.

This Proof of Performance is based on the experience of a single customer. Actual results can vary depending upon the type of equipment used and its maintenance, operating conditions and environment, and any prior lubricant used. For more information on other Mobil™-branded industrial lubricants and services, contact your local ExxonMobil representative. Images featured may not be representative of actual site conditions or environment. *Visit mobil.com/industrial to learn how certain Mobil-branded lubricants may provide benefits to help reduce environmental impact. Actual benefits will depend upon product selected, operating conditions and applications.
